PRESS TEMPERATURE	150°C	WASH
PRESS TIME	12 SECONDS	
CARRIER REMOVAL	HOT	

COLOURS AVAILABLE

SUGGESTIONS

We suggest after removing the carrier, to cover the design and re-press for 2-5 seconds. This can improve the feel and texture of the vinyl on the garment.

PLEASE NOTE

The technical data above are the results of our laboratory tests. We always recommend a small trial test of each product before production. We also recommend not to stock the materials in damp or high temperature rooms.
